## Before Publication

Is some or all of the work supported by the Coordinating Center (CC) or the Cores?

If yes, all of the work, please include this language:

"This work is supported by the National Institutes of Health (NIH) Common Fund, through cooperative agreement U24AT009676 from the Office of Strategic Coordination within the Office of the NIH Director. The views presented here are solely the responsibility of the authors and do not necessarily represent the official views of the National Institutes of Health."

If there are multiple sources of support, please list funding sources in declining order of proportional support:

"Research reported in this publication was supported by [GRANT NUMBER] from the [INSTITUTE/CENTER/OFFICE]. Support was also provided by the National Institutes of Health (NIH) Common Fund, through a cooperative agreement U24AT009676 from the Office of Strategic Coordination within the Office of the NIH Director. Does your work include a description of a Demonstration Project?

If yes, please allow the Principal Investigator an opportunity to conduct a review, limited to the factual accuracy of the description of the Demonstration Project, at least 2 weeks in advance of initial journal submission.

NIH Collaboratory CC staff can facilitate this process and convey draft manuscripts to Demonstration Project PIs for confidential review. Please e-mail us at [nih-collaboratory@dm.duke.edu](mailto:.nih-collaboratory@dm.duke.edu) and include the subject heading "manuscript review."

Please notify the NIH Collaboratory Publications Committee.
